Abstract of **CN1099827**

A Chinese medicinal toilet paper is made up by use of ramie root, Bauhinia root, sophora flavescens, peppermint, Rhizoma bletillae, rosin, dried alum, borax and ligno-cellulose mixed and processed. Its production method is that ramie root, Bauhinia root, sophor flavescens and peppermint are selected for stem with leaves removed and cut into tiny lumps, soaked and ground into pulp, and ligno-cellulose is added, then Rhizoma bletillae, rosin, dried alum, and borax are added, and it is made by use of paper machine. Its long period use can prevent such diseases as hemorrhoid, eczema of anus, etc., and it has curing effect for those patients with anus infection.
